## Meetings On Housing To Be Held Here Sept 23

Council to Sponsor Luncheon Meeting, to be Addressed by Major General H. A. Young of Ottawa.

Letters and resolutions sent out from the Pass towns to Ottawa, Edmonton, M.L.A.'s and M.P.'s regarding the critical housing shortage in the Crows' Nest Pass has resulted in Major General H. A. Young, vice-president of Central Mortgage and Housing Corporation, Ottawa, coming to Coleman on Monday, Sept. 23, to address a meeting, arrangements for which are being conducted by the Coleman town council.

Mayor Abousaify is in receipt of the following letter from Major General Young:

Mr. Frank Abousaify,  
Mayor, Town of Coleman.  
Dear Sir:

Communications have been received from various officials and organizations of municipalities in the Crows' Nest Pass district of Alberta setting out the urgent need for providing housing for veterans in these communities.

The matter has been given considerable study by this Corporation and is a matter of concern not only from the standpoint of the need for veterans' housing, but also because of the need for increasing employment in a very critical industry.

Major-General H. A. Young, Vice President of this corporation, will be visiting the Prairie Provinces and British Columbia during the latter part of September. In order that he may have a first-hand view of the housing situation in the Crows Nest Pass area, and may have an opportunity of discussing the situation and possible remedial action with the various local officials and organizations, General Young has arranged to visit as many of the communities of the district as possible by car on Monday, September 23rd.

Unfortunately, it is not possible to state the exact time at which General Young will arrive at each place. The only indication along this line that can be given is that he will leave Lethbridge at approximately 7.30 a.m. Monday and will visit the following communities in the order named: Bellevue, Hillcrest, Frank, Blairmore, Coleman.

T. E. Kellett,  
Exec. Asst. to Maj. Gen. Young.

In view of the fact that General Young is to be in Calgary on Monday evening Mayor Abousaify's proposal to the council that they sponsor a meeting to be held in Coleman at or about noon and that it take the form of a luncheon meeting was accepted. All leaders in the various communities interested will be extended an invitation to attend.

By holding a joint meeting in the Pass General Young will be able to keep his Calgary appointment.

## L. P. P. SPONSORS MEETING FOR HOUSEWIVES

On Thursday (tonight) a meeting of housewives, sponsored by the Coleman club of the Labor Progressive Party, will be held in the Community hall to discuss the rising cost of living, the inferior quality of goods, the proposed increase of milk prices and the formation of a Housewives Association.

The principal speaker will be Enoch Williams, mayor of Blairmore, and also representatives of the Blairmore Housewives' Association.

## Former West Coleman Youngster Died At Vancouver

Rosemary Lukasek Failed to Rally From an Operation; Daughter of Mr. and Mrs. Stanley Lukasek.

The death occurred at Vancouver on Tuesday, August 27, of Rosemary Lukasek, nine-year-old daughter of Mr. and Mrs. Stanley Lukasek, of Vancouver and former West Coleman residents.

The child suffered only a brief illness and failed to rally from an operation. Her mother is the former Miss Rose Claes. The funeral was held on Saturday, Aug. 30.

Born in Coleman, Rosemary for a brief time attended Cameron school before leaving with her parents and two sisters about three years ago for the west coast. Her grandparents, Mr. and Mrs. Jean Claes, left at the same time for the west coast and now reside near New Westminster.

A wire was received by Henry Claes, an uncle, in Coleman informing him of the child's death and he travelled to the west coast via T.C.A. in order to attend the funeral.

## Henry Zak Sr. Enroute Via T.C.A. To Czechoslovakia

Left Coleman On Friday; In Montreal Sunday; To Wire Home When He Reaches Destination.

Henry Zak sr., Pass businessman, has often spoken of his proposed trip to Czechoslovakia by plane and today it has become a reality as Henry is now visiting a brother and two sisters in his native land. He left the Pass last Friday, travelling to Lethbridge where he boarded a T.C.A. plane. Twenty-three years ago he made the trip to Czechoslovakia and it required two weeks. Today's modern transportation facilities will take him to his destination in two days.

His meat and grocery stores at Coleman and Bellevue have been left in the able hands of his sons, Henry and Jo-Jo. Henry has managed the Coleman store for a number of years and is fully conversant with the management of the business.

## Council Told Relief Has Exceeded Amount Budgeted For 1946; Water Remains In An Impure State

Major General Young To Address Pass Leaders On Housing And Financing; Mayor To Act On Resolutions Committee At Provincial Municipal Convention.

Regular meeting of the council was held in the council chamber on Tuesday evening. Present Mayor Abousaify, Councillors Dutil, Lowe, Jenkins and Wilson.

The financial statement for the past eight months was read and studied. Mayor Abousaify warned that relief costs this year had far exceeded the \$700 originally budgeted. It was revealed that eight parties were given relief. Cause of the heavy outlay results from the town being held responsible for a party's expenses in the Macleod hospital which amounts to \$46 monthly. In addition there are some young girls, the responsibility of the town, residing in private and provincial homes. Close to \$1,000 has already been spent with still several months remaining in the year.

Mrs. Dugas was present and asked for wood and coal. Her request for wood was granted. An appeal was received from Mrs. N. Deputak for wood and coal. Her request was granted.

Mr. Bettinger, of east Coleman, was present to ask council to aid him in clearing up a mistake in his tax notices. He claimed he has paid all taxes and Edmonton maintains he still owes \$8.11. Secretary Lees told council Mr. Bettinger had paid all his taxes. She stated that the tax on the land in question really did not belong to Mr. Bettinger but to the Morrison Estate. Secretary Lees had already written Edmonton explaining the setup.

Fire Chief Anley submitted his monthly fire practice report. It revealed among other things that Joe Trotsa's truck driver had backed his truck into the fire hydrant close by the Fauville residence on Second street, breaking it and causing water damage to two homes.

In the past Modern Electric had the contract for supplying the town with light bulbs. The discount no longer see its way fit to grant the 20 per cent discount and has reduced it to 10 per cent. Council agreed to accept the discount reduction as only about \$140 per month is involved.

The latest water analysis revealed that the water remains impure. The report also reveals that the water is in its worst contaminated state since the town authorities started sending samples to Edmonton many years ago.

Here is the official Bacteriological analysis: "Number of organisms per c.c. or each 15 drops—3,000. B. coli—Most probable numbers per 100 c.c. 5.2."

"The bacteriological examination of this sample shows the presence of potentially dangerous contamination. The water should not be used for human consumption without boiling it or otherwise suitably treating it."

Councillor Jenkins reported to council that cattle owned by Charles Sartoris, of Blairmore, had been driven along the creek leading to the dam. The report is to be investigated and if found to be correct a letter will be sent Mr. Sartoris that such a practice is not permissible.

The MHO submitted his monthly

health report. It revealed that diphtheria had been prevalent during the month. One case of whooping cough was cared for. One case of VD had been found and was now receiving treatment.

An insurance policy was renewed with Fred Antrobus.

Coleman Light & Water Co., was asked to charge a \$139.54 dollar account to maintenance. The invoice is the result of work and material required to extend the town lighting system to several dark areas.

The Municipal Inspector's report was read. It praised secretary Gladys Lees for the excellent shape in which she keeps her cash records. Various points were brought to council's attention and they were dealt with in the proper manner.

The Bucar Brothers were present to ask council to demolish a tree nearby their bakery premises in order to allow them to place an advertising sign alongside the building. They also asked if a tax was being made against the numerous bakeries which, were bringing their produce into town. The Town & Village Act states that no tax can be levied against Alberta made goods and bread is in this category.

Council received a letter from Major General H. A. Young, vice-president of Central Mortgage and Housing Corporation, Ottawa, stating that he would be in the Pass on Monday, Sept. 23. Council will sponsor a meeting to be held in Coleman and extend invitations to all Pass leaders interested in housing to attend this meeting which will be addressed by Major General Young.

The mayor has received correspondence from the secretary of the provincial municipal association stating that he was being placed on the resolutions committee which will function at the October convention to be held in Edmonton. Council moved that the mayor be one of the official delegates to represent Coleman at the convention. By council's prompt act the mayor will now be free to accept the honor of acting on the resolutions committee. It is very probable that other delegates will be chosen to attend the convention at the next meeting of the council.

Town foreman Joe Malanchuk was again chosen to act as enumerator to secure the names of all voters eligible for the municipal elections next February.

A tax sale of two properties will be held on October 15. Council at its next meeting, will determine the price to be asked for each parcel. Numerous accounts were passed for payment.

ST. PAUL'S UNITED CHURCH  
Rev. R. Magowan, B.A., DD, Pastor.  
11 a.m. Morning Worship.

No evening service.  
The Pension Fund Committee will meet at the close of the morning service.

ST. ALBAN'S CHURCH  
(Anglican)

Sept. 15: 10h Sunday after Trinity  
11 a.m. Morning prayer and Sermon.  
2 p.m. Church school.

## CHILDREN FROM THE SUMMIT WORKS ARE ATTENDING SCHOOL HERE

Five youngsters of public school age are attending the local schools this term. This has been made necessary due to the closing of the school at Crows' Nest. The entire cost of transportation is being borne by Summit Line Works with no expense whatever to the local School Board. Board chairman George Evans stated to The Journal that should the Department of Education decree that tuition fees should be paid for these children Summit Line Works is quite prepared to pay such a fee.

## Ration Books To Be Distributed Locally September 19 and 20

Depot Will be the Antrobus Office; Distributing Hours 10 a.m. to 7 p.m.

The Journal office has been besieged this week with telephone calls and callers enquiring about the new ration book issue.

As far as Coleman is concerned the books will be distributed from the Antrobus office on main street Thursday and Friday, September 19 and 20, during the hours from 10 a.m. to 7 p.m. each day. This information is contained in posters displayed in the windows of Mr. Antrobus' office.

Mr. and Mrs. Antrobus are at the present time enjoying their annual vacation at the west coast and will be back in plenty time to tackle the ration book distribution job.

## Pass Miners Vote Heavily In Favor Of Strike Action

Preponderant Vote In Favor of Strike Action Appears to Have Been A Foregone Conclusion.

Miners in the Bituminous coal fields of District 18 took a vote on the question of granting their leaders the power to call a strike should the latter find it necessary to do so in order to force the granting of the new agreement demands asked from the mine operators.

The vote was taken on Tuesday and by 6 p.m. the following results were released from the three Pass towns.

Coleman—Yes 597, No 73 Spoiled 1; Blairmore—Yes 409 No 29 Spoiled 1; Bellevue-Hillcrest—Yes 580 No 47 Spoiled 1.

It is expected that the same results will be maintained throughout the district.

While the result of granting the power of strike action was a foregone conclusion the vote was necessary in order to have the sanction officially recorded. Surprise has been voiced at the number of "no" votes recorded in Coleman.

Coleman Union officials point out that while the District leaders now have the power to call a strike it does not mean that a strike will be called. The progress of negotiations between the mine operators and union leaders will be the determining factor as to whether or not a strike is called.

Mr. and Mrs. Walter Williams, of Calgary, are spending two weeks vacation here, the guests of Mr. and Mrs. Harold Nelson.

## 1946-47 Lions Club Committees Chosen

President Frank Abousaify Appeals to Membership For Regular Attendance and Full Support For All Activities.

Coleman Lions club started its new season on Monday evening when it held its first supper-meeting of the Fall season with its new president, Frank Abousaify, presiding.

President Abousaify in his maiden speech as president appealed to the membership for a full attendance at every meeting and that all members place their active support behind activities which the club may sponsor during the ensuing year.

The programs, he stated, would be varied so that all members would find enjoyment in the vast majority of them. In listing the personnel of his various committees he warned them that while in the past they had not been called upon to do much work he expected them to roll up their sleeves and go to work this year and remarked that at various intervals the various committee chairmen would be asked to report on their activities.

One feature this year will be to develop local speakers. Practically all club members will be called upon to give an address regarding their chosen profession or hobby and in this manner develop speakers that will be a credit not only to the club but to the community as a whole.

Committees:

First name is chairman of his respective committee.  
President: Frank Abousaify, 1st Vice: Fred Hewitt, 2nd Vice: Fred, Harry Wells, Lion Tamer Norman McAuley, Tail Twister John Van Maaron, Secretary Ivor Morgan, Immediate Past President Sid C. Short, Directors: Chris Rogers, Maurice W. Cooke, Alan Cameron, Frank Hastie.

Administrative committees: Attendance, Stewart Murdoch, Fred Guerdar; Constitution and By-Laws, Frank Graham, H. Eysackers; Convention, John Van Maaron, Harry Weltons; Finance, Frank Duncanson, John Honyk; Lion Education, Horace Allan, John McDonald; Membership, Percy Dickieson, Harry Weltons; Program, Jim Cousins, Doug. Moores.

Special committees: Military affairs, Maurice Cooke, Jim Cousins; Greater committee, Sid Short, A. Balloch; Food committee, Harry Holmes, Jim Park; Musical Festival, A. Graham, Jim Allan, John McDonald, Fred Guerdar.

Activities committee: Boys and Girls, Ray Spillers, S. Murdoch; Citizenship and Patriotism, Bob Pattinson, Maurice Cooke; Civic Improvements, Joe D'Appolonia, Herb Hewitt; Community betterment, Jim Wilkie, Vic Lyllis; Education, John McDonald, Frank Hastie; Health and Welfare, Dr. Hope-Gill, C. Rogers; Safety, Jack Chalmers, Alan Cameron; Sight Cons. and blind, Dr. Leisemer, Jim Allan.

ENGLISH BRIDE ARRIVES IN COLEMAN

On Monday morning Mrs. R. McPherson, English bride of Brighton England, arrived in Coleman to join her husband. They are residing in the new home recently built east of the hospital on Second street.

## Drinking Water Impure

Water consumers are advised to boil all water required for drinking purposes. The latest water analysis reveals the water to be in an impure condition.

# "Diary of a Chambermaid"

Starring:  
Paulette GODDARD

It's the inside story — And what a story! When she plays with fire, in a house of hate, smoldering emotions are fanned to a white-hot pitch...fanned to sinister murder!

## A GOVERNMENT INQUIRY MAY BE OPENED ON CLOSED SHOP POLICY IN BRITAIN

LONDON.—A government inquiry probably soon will be opened into the merits and demerits of a "closed shop" policy in British industry.

Union demands for "closed shop" agreements with employers are a new factor in British industrial relations resulting in a wave of unrest considered more serious than any since VJ-day.

Prime Minister Attlee's labor administration, owing much of its political support to organized labor, has been anxious to avoid any suggestion of interference in the labor field. Now its hand is being forced by a series of jurisdictional disputes—actual and threatened—between unions inside and outside the trade union's congress.

A labor department spokesman said recently the ministry now is awaiting application from employer and employee groups for establishment of a court of inquiry into the situation. Such a body would be set up as soon as a request comes in, he said, although he did not know the exact form the inquiry would take.

Presumably the action would be taken immediately, for that would answer in advance a Liberal party motion, scheduled to be introduced in the house of commons when parliament reassembles next month, protesting the enforcement of a "closed shop" and calling for a royal commission to study its operation and effect.

Current argument, which has brought publication of scores of statements and letters in the country's press, has been stirred up by a London passenger transport board decision not to continue in its service any employee in grades covered by agreements with the transport and general workers' union who is not a member of that union.

The view has been expressed that its policy is likely to be extended to other publicly-owned industries once the government's nationalization policy is in effect. Already the national union of miners, functioning in coal mines soon to come under state ownership, has demanded introduction of the "closed shop" policy.

Editorially, newspapers—with the notable exception of the Labor Daily Herald—have been critical of the "closed shop" idea, many claiming it involves infringement upon individual rights.

Involved in most recent jurisdictional disputes has been the sprawling transport and general workers

union which Foreign Secretary Bevin did much to create during his days as a union organizer. With a membership of 1,200,000 it embraces one-sixth of the total T.U.C. membership and has a treasure chest of £24,000,000 (\$86,000,000).

### VANCOUVER TRAGEDY

Two Men Plunge To Death From Roofs Of Buildings

VANCOUVER.—Lyon Lightstone, 45, a manufacturers' agent, fell to his death from the roof of the 12-story Hotel Georgia in downtown Vancouver.

It was the second death plunge from a Georgia street building within a week. Jack Smedley, 35, also plunged from a doctor's office in the nearby Medical Dental building.

Lightstone's body was found lying face down in the alleyway between the Georgia and Devonshire hotels. Sole witness to the tragedy was H. B. MacLean sitting in a doctor's office in the Medical Dental building. Mr. MacLean, a handwriting expert, said that after Lightstone had walked around the roof for a few minutes, he climbed on the balustrade and jumped with his arms extended.

### LEFT A MESSAGE

Pilot Forced Down Used Timber To Guide His Rescue

EDMONTON.—A message laid out on the ground with dead timber told a rescue pilot that James Hawkins, Seattle civilian pilot forced down in the bush country 60 miles north of Edmonton, had struck out on foot through the wilderness for civilization.

Hawkins had been living with a trapper near the spot where he was forced down on a flight from Prince George, British Columbia, to Grande Prairie and it was believed the trapper had gone with him as a guide. Hawkins' message, clearly discernible from the air, simply said "Leave left for Edson."

### HAVE ONE AIM

MACKINAC ISLAND, Mich.—S. S. Lo, for eight years Generalissimo Chiang Kai-Shek's private secretary, told a Labor day conference of the moral re-armament assembly that the Chinese national constitutional convention scheduled for November aims to end the one party rule of China and begin the stage of constitutional democracy.

### NEW MEMBERS

Four Additional Countries Have Been Admitted To Food Organization

COPENHAGEN, Denmark.—Italy, Switzerland, Portugal and Elre were elected to membership in the United Nations Food and Agricultural Organization, grappling here with the fight against hunger throughout the world. Canada already is a key member of the F.A.O.

Italy and Switzerland joined the 31 original members by unanimous vote. Polish Vice-Premier S. Mikolajczyk objected to Portugal and Elre because they had no diplomatic relations with Warsaw.

The organization heard reports that the diet of many persons would be 1,500 calories daily or lower during the next year, a level which many nutritionists believe inimical to health.

### HAS NEW NAME

Acropolis Hill Now Known As Franklin D. Roosevelt Park

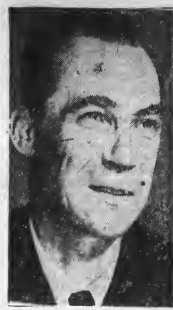

PRINCE RUPERT, B.C.—Acropolis Hill, where United States army forces were stationed during the Second Great War, was on Labor Day renamed Franklin D. Roosevelt park in memory of the late president.

The dedication of a cairn at the park was attended by Canadian and United States government officials, and civic and provincial representatives.

General David Hays of San Francisco represented the United States, and in the harbor on a courtesy visit was the American cruiser U.S.S. Tucson.

### TORONTO VIOLINIST

VANCOUVER.—Harry Adaskin, Toronto violinist and former member of the Hart House String Quartet, has been appointed to the chair of music at the University of British Columbia. Mr. Adaskin is widely known throughout Canada as a concert violinist, music commentator and teacher.

### NEW SOVIET LONDON ENVOY

Agence France-Presse, quoting "peace conference sources," says the Russian government has submitted to Britain the name of George Zaroubin, former Russian minister to Canada, as new Soviet ambassador to London. Zaroubin would replace Pjotr Gusev, who has been named a deputy foreign minister. Zaroubin served as ambassador to Canada at the time of the Soviet spy ring disclosures. The commission on espionage found no evidence Zaroubin was implicated.

### SOURCE OF RUBBER

Plant Discovered in India May Prove To Be Valuable

NEW DELHI.—A plant which might prove of considerable importance as a source of rubber in India was recently discovered by Dr. L. B. Kajale, Professor of Botany in the Meerut College. Preliminary experiments have revealed that the plant, which grows wild as a winter weed in Meerut and other parts of India, might yield as much rubber as any other tropical tree known as a source of rubber.

## OLD CHINESE CUSTOM TO BE STUDIED AT FALL SITTINGS OF THE EXCHEQUER COURT

VANCOUVER.—The exchequer court of Canada at its fall sitting will learn something of a Chinese "man of trust" who takes the place of bankers in the esteem of many Orientals.

Involved will be \$47,000 seized by police in a Chinatown raid last June in a campaign against gambling.

Police claim the money was the proceeds of gambling. Chinese counsel claim it the savings of a dozen Orientals in Vancouver's Chinatown. During a spectacular raid in Market Alley, the police seized the money, along with a quantity of jewelry, including rich jade.

It was in a strong box owned by Gee Kee, known as a "man of trust."

Many Chinese entrust their life savings with the "man of trust." It is an unorthodox system, a horror to bank accountants, but one that has worked here for 35 years. Not a

single "man of trust" has ever absconded.

The system has proved virtually theft proof, although large sums of money often lie bundled or loosely tucked in envelopes around Chinatown shops and rooms.

"There are always lots of people around," explains Lee Kien-tung, spokesman for the Chinese community. He also explained why many Chinese scorn banks. It is the one who cannot write, he fears he might not remember how he first signed his name at the bank and would be denied his deposit. Most, however, use the system because it is handy.

Thomas Dohm, Vancouver lawyer, will explain it all to the exchequer court.

Today, the money is held under a writ of immediate extent, and unless the court rules in favor of Mr. Dohm and his client, Gee Kee, it will go to the income department.

## OBJECTIONS PRESENTED BY BRITAIN TO PROPOSALS OF THE WORLD FOOD BOARD

COPENHAGEN.—Britain presented objections to the creation of a world food board after Director-General Sir John Boyd Orr told delegates to the United Nations food and agricultural organization conference that such a

plan would "remove some of the causes of war and lead to world unity." Canada favored the board.

Food Minister John Strachey of Britain said that the food board plan, presented formally to the assembly by Sir John for discussion, would not be freed from "certain risks and dangers." The proposals could be "twisted and perverted" to have an opposite effect, he said, and another danger would be to apply the scheme one-sidedly so that "primary producers even without restricting their output might give themselves an unfair advantage against their industrial comrades."

Canada's chief delegate, Agriculture Minister Gardiner, said Canadians were convinced proposals for the board would work. In a 40-minute speech, he recalled the hardships of the '30s among Canadian farmers and the timely restoration of the prairies in wartime which left Canada with three times as much wheat in store when the war ended than she could normally expect to export in a year.

"All that 600,000,000 bushels now has gone where the world needed it," he said.

Earlier Mr. Gardiner was elected chairman of the conference commission on technical questions.

The United States undersecretary of agriculture, Norris E. Dodd, said the United States is "strongly in favor of the objectives laid down" and recommended the establishment of an F.A.O. commission to work out in detail an international program for stabilization of agricultural prices at fair levels.

### IN GREAT DEMAND

SYDNEY, Australia.—Motorists stormed shops, stores, garages and even manufacturers for automobile tires after the ending of five years of wartime tire rationing in Australia. One company termed the demand "colossal."

## SMALL MARKETINGS OF FARM PRODUCE RESULTS IN LOWER FINANCIAL RETURNS

OTTAWA.—Cash income received by Canadian farmers from the sale of their products during the first six months of this year totaled \$635,800,000 against \$724,000,000 in the corresponding period of 1945, the Dominion bureau of statistics reported.

The decline this year continues the decrease recorded in 1945 from the record year 1944, when the cash income received from January to June was \$765,100,000.

The bureau said the lower cash income was "almost entirely" the result of small marketings, particularly in the prairie provinces, of wheat, oats, barley and hogs.

Reduced marketings of these products caused decreases in income of \$50,000,000 in Saskatchewan, \$35,000,000 in Alberta and \$7,000,000 in Manitoba. A decrease of about \$10,000,000 occurred in Ontario mainly as the result of smaller returns from meat animals.

The bureau added that with more favorable crops in the west this year and a higher initial price for wheat, together with indications for good crops in other provinces, it was probable that income in the last six months of 1946 would be higher than in the same period of 1945 and that the cash income of Canadian farmers consequently would be maintained near the level of 1945.

Estimates of cash income for the half-year by provinces, with figures for the corresponding period of 1945 in brackets include: Manitoba \$51,050,000 (\$58,457,000); Saskatchewan \$117,706,000 (\$162,191,000); Alberta \$97,509,000 (\$130,954,000).

### COAL FOR NORWAY

LONDON.—Spartan coal mines, wrecked by Canadian troops in 1941 to prevent their use by the Germans, are expected to provide Norway with 300,000 tons of coal in 1947, says the Norwegian state information service.

### GREET CHIEF SCOUT

OTTAWA.—Lord Rowallan, chief of the British empire, was given a hearty welcome at Landsdowne Park by some 400 Ottawa district scouts.

### MEALS FOR WORKMEN

NEW DELHI.—A meal for only one anna, (two cents) consisting of chappatis, (wheat cakes) dal, (pulses) and iced water, will be one of the amenities provided for workmen of the N.W. Railway mechanical workshops, Lahore, at cooked food canteens which were opened by the railway administration recently.

PEACE DELEGATES SHAKE HANDS AFTER HEATED ARGUMENT — Russia's Andrei Gromyko shakes hands with Britain's Sir Alexander Cadogan before United Nations security council session, in which they tangled with verbal heat over hearing Ukrainian charges against Greece. Council adjourned without decision.

### Field Marshal Montgomery's Mother And Farm Home

Lady Montgomery, 84-year-old mother of Field Marshal Montgomery, is seen here driving near her Irish home.

Old home and farm of Monty's is New Park, Moville, County Donegal. Lady Montgomery ran the farm with the help of a maid and a hired man. Monty's father was a bishop.

## With Colemanites At Vancouver

Coleman will ever be home to the many former Colemanites now residing at Vancouver. This was evidenced in the many enquiries regarding Coleman, its people and its activities directed at the writer during a vacation spent in the city.

On Sunday, August 17, while walking along Second Beach we came upon a party of Colemanites which included Mr. and Mrs. Mickey Joyce, Mr. and Mrs. George Duffield, Sr., Mr. and Mrs. Wm. Raymond, Mr. and Mrs. Henry Raymond, Mr. and Mrs. Wm. Kyle, Mr. and Mrs. Bert Bond and family, who were on vacation, and Mr. and Mrs. Alf. Phillips and Eddie, who were also on vacation and Mr. and Mrs. A. Walker.

Since the mine fatality had only happened a few days previously all were anxious to know what had happened and were patiently awaiting The Journal's arrival scheduled for Monday morning to get a first hand report.

Mickey Joyce is still the same old Mickey and can tell yarns by the hour on events long since past. Henry Raymond has put on considerable weight and remarked that the rheumatics which crippled him in Coleman have practically disappeared and only on rare occasions does he experience a twinge of pain from them. Everyone in the party appeared to be enjoying good health.

One Sunday morning we travelled to Timberland, a stone's throw from New Westminster, where we visited Mr. and Mrs. Jim Smith. They are still enjoying the coast and all are working.

The two eldest daughters, Sadie and Marnie are about to wed two brothers from Bellingham, Wash. Jimmy guided us through the large sawmill where he works.

Jimmy took us out to Strawberry Hill where we visited Mr. and Mrs. Arthur DeKleyn and son Joe. They have a chicken ranch and own over 2,000 birds as well as several acres of land where they grow a garden with practically all vegetables in it as well as several kinds of fruit trees.

The DeKleyns are quite unsettled in their new home and may at any time call it a day and set forth for Belgium. Close to the DeKleyn ranch are Mr. and Mrs. Jean Claes, formerly of West Coleman, who also operates a chicken ranch. We are told however that the Claes were having very bad luck with their birds. Also in the vicinity was Tommy Rose who operates a chicken ranch too. Mrs. Rose, we were told, was in Vancouver proper where she was soon to undergo an operation in a city hospital.

One day while in a city department store we met Mrs. Sandy Irvine. She and her husband were preparing for the expected arrival of Mr. and Mrs. John Ramsay from Coleman within the next few days.

We visited Mr. and Mrs. David Nevey in East Hastings. They have a nice home and very nice grounds which had been the pride and joy of Mrs. Nevey's father, Mr. Dave Gillespie, during the past twelve months. The latter has now returned to his home here. They have two hundred chickens as well as a number of fruit trees and berry bushes.

While at Nevey's we were told that Eileen Fry, of Coleman Cash Grocery staff, had decided to remain in Vancouver and had gained employment with a grocery store

which had just started business on Nanaimo street. Eileen is residing with a school girl chum, Miss Violet Knowles, formerly of Coleman.

Also among the Colemanites met were Mrs. George Dickson and Miss Elizabeth Beveridge. They made enquiry about old friends. Mrs. Robert Bell and daughters had just concluded a two months vacation with the former's mother, Mrs. Dickson, and had just departed for home. While in the city one of the little girls had a birthday and her grandmother honored her with a birthday party at which several little friends were invited.

From Blairmore we met Mr. and Mrs. Ike Daniels. Ike will be remembered by soccer fans as having played for Hillcrest when that town fielded a strong eleven. Mrs. Daniels was a former Blairmore public school teacher. They have bought a lovely home in west Vancouver. Ike wants to be remembered to his Blairmore workmates in West Canadian Collieries and in order to keep in contact with Pass activities subscribed to The Journal.

One day while in a cafe on English Bay we met John Kanik who had already spent several weeks vacation in the city, and Stanley Grenda, more commonly known as "Big Stanley."

A visit was made one evening with Mr. and Mrs. Gus James. They reside at 3939 Cambie street where they are caretakers of a magnificent new apartment home. They have a beautiful suite on the ground floor and Gus showed us about the building. They enjoy their new work although they express regret at the loss of intimate contact with Coleman friends.

That day Mr. Tom Tiffin, a Coleman old-timer who left here in 1921 after 35 years residence in this area died. He was a brother to Mrs. James' mother, Mrs. Burns. Deceased was also an uncle of Coleman's Dick Tiffin. Deceased was 79 years of age and had been attended by Dr. Tolmie, formerly of Coleman. The funeral service was conducted by Rev. H. J. Bevan, former Coleman minister.

Mr. Tiffin was one of the real pioneers of Coleman, coming here before the turn of the century and ranching nearby the Harry Antle ranch north east of town. He had resided at the west coast since his departure here 25 years ago.

Enroute home we stopped off at Cranbrook where we met Joe Columbo, now a citizen of Creston. Joe spoke in glowing terms of his new restaurant which has a staff of eleven including himself. He was in Cranbrook to meet the WTPB officials re quotas. His equipment is slowly arriving and he has not quite got the business into high gear. He anticipates a very good business in the progressive and fast growing Kootenay fruit centre.

### School Board Notes

August 22 Meeting

Regular meeting of the Board of Trustees was held in the Board room. Present Chairman Evans, Trustees Holly and Vasek.

Correspondence was received from Mr. R. A. Thrall, of Summit Lime Works, pertaining to the transportation of school children from the Lime Works to Coleman. Crows' Nest school where the children have attended in past years has now closed down. Decision on

the subject was left in abeyance until the secretary received advice from the Department of Education as to whether or not a tuition fee could be charged against these children.

The account of Knapman Plumbing & Heating for \$1,016.96 was authorized paid. It is understood between the Board and Mr. Knapman that should trouble develop within a reasonable time on any work just completed by Mr. Knapman that he shall be held responsible for its correction.

International Coal & Coke Co. have sought to purchase two lots from the Board. The company's request will be considered at a full meeting of the Board.

In 1945 an error of \$1,545.65 was made in the tax bill of International Coal & Coke Co., Ltd. The company will be reimbursed that amount.

### SERVICE THAT PLEASES!

That's our motto and we live up to it by really and truly giving service that pleases. If you haven't tried our work do so at the next opportunity. You will never regret it.

Mr. Peter Bakaj was added to the teaching staff of the public school. That matter of an intermediate teacher was left in abeyance.

The Alberta Provincial Fire Commissioners have ordered the Board to purchase certain fire

equipment. The equipment was authorized to be purchased.

It was passed that in 1947 Janitor Frank Paterson be given one month's vacation as he was unable, due to pressure of work, to take time out for a vacation in 1946.

# Gone Are The Days of The Miner's Shanty!

Coal Mining Centres of Western Canada, through years of steady employment, are prosperous and aggressive.

The wage level is such that all mine employees are permitted to dwell in comfortable homes. The day of the miner's shanty has long since past.

Beautify Coleman by building modern homes, renovating your present home into a modern home, beautify your home surroundings, help to beautify the town generally.

Let's all aid in making Coleman attractive and a place in which we can rightfully take pride in residing.

## BUILDING for A BETTER CANADA

### A Call to Reconstruction on Humanity's Home Front

► The needs of a Canada at war placed new and wider obligations on The Salvation Army.

Its traditional work on the Home Front... the reclamation of individual lives, broken by folly or misfortune... was maintained. The wider task, at home and abroad, was added.

The Army now faces the aftermath of war. New problems in individual lives, seeking readjustment... new demands on equipment made inadequate by war and expanding need... reconversion!

Today, The Salvation Army calls to YOU, its unflinching supporters, to contribute YOUR dollars NOW... to make possible the work of human and physical reconstruction... to aid in building for a better Canada. Give generously.

#### ON HUMANITY'S HOME FRONT

Many thousands of Canadians materially benefit from the personal services of The Salvation Army in its:  
Materiety Homes and Hospitals  
Old Folks' Homes  
Prison and Police Court Work  
Children's Homes  
Children's Summer Camps  
Missing Friends' Service  
Free Labour Service  
Men's Homes

### THEATRE NOTES

"The Diary of a Chambermaid," one of the most entertaining films of the early Fall season, is scheduled to bow in at the Palace theatre next, Saturday through United Artists release. It is a Benedict Bogeaus presentation of the popular French romantic novel of the same title by Octave Mirbeau.

In a top starring role in the film is Paulette Goddard, contributing a gay and charming portrait as Celestine, the chambermaid whose arrival at an imposing chateau in provincial France circa 1855, precipitates a stirring drama highlighted by a strange and exciting romance.

Burgess Meredith, who collaborated with Mr. Bogeaus on the production, also plays a starring part, that of the septuagenarian retired army officer, Capt. Mauger, and invests it with such delightful, sly finesse one temporarily forgets he is still listed in the ranks of romantic stars and places him, instead, at the top of the list of our most outstanding character actors.

### SEPTEMBER COUPON CALENDAR

Ration Book 6 comes into use on

September 19.

September 12.

Butter R21.

Meat Q4.

Butter coupons R10 to R17, and Meat coupons M40 to M50 in Book No. 5 expired August 31.

### LEFT FOR COAST

Mr. and Mrs. Robert Watson and baby left on Saturday for the west coast where they will take up residence on Main Island, located in the channel between the mainland and Vancouver Island. Bob, has secured work in the lumbering industry.

Mr. Watson served overseas during the war and only returned

home last year. Mrs. Watson is the daughter of Mr. and Mrs. Peter Popenluk, of East Coleman, and prior to her marriage was a school teacher.

### LOCAL NEWS

Miss Frances Park, RN, of Kimberley, has been the guest of her cousin, Mr. J. A. Park, and Mrs. Park. Miss Dilys Brown, also of Kimberley and a friend of Miss Park's has been spending a few days the guest of Mrs. R. Slugg.

Mrs. George Root and daughter Audrey who have been vacationing at various Alberta points during the summer returned home on Tuesday evening.

Mike Hachuk, Joe Peleuk and Phillip Malanchuk climbed into the latter's car last Friday and set forth for the west coast where they will spend a vacation.

Mr. and Mrs. Wm. Cole sr., left on Wednesday for their home in Victoria following a vacation spent with their son and daughter-in-law, Mr. and Mrs. Wm. Cole jr., of Bellevue.

Miss Florence McDonald, of Toronto, is spending a vacation with her parents, Mr. and Mrs. Jack McDonald. She plans to visit her sisters at Calgary and Edmonton within the next few days.

Mrs. Lillian Manwearing and son and Mrs. Arthur Watson, of Pala Alto, California, have returned to the States following a vacation with the ladies' sisters, Mrs. G. Clarke and Mrs. J. Houghton.

Mr. and Mrs. Gordon McDonald and family left on Friday for Prince Edward Island where they will take up future residence. They were accompanied by Mrs. McDonald's father, Mr. Seth Raymond.

Mr. Wm. Fraser, of Sentinel Motors staff, visited at Carmangay at the week end. He was accompanied home by his wife and child who had been vacationing with relatives for the past three weeks.

Mr. and Mrs. I. Neilson have purchased the Penney residence next to The Journal office on Second street.

Bill Balloch left today for Taber where he has secured a position as engineer with California Standard Company.

Mrs. A. Huntley and son, of Lodi, California, were the guests of Mr. and Mrs. Charles Vale last week. The two ladies are sisters and had not met each other during the past 23 years.

Mr. and Mrs. Leo Shannon and family left on Sunday afternoon on a vacation to be spent at Vancouver.

Mr. and Mrs. Michael Savage left for their home in Seattle on Sunday morning following a vacation spent here the guests of the latter's father, Mr. Charles Nicholas. They were accompanied to Seattle by Mr. and Mrs. Nick Nicholas and family who will spend a vacation in the city of the Pacific Northwest.

## THANK YOU for waiting for delivery of your NEW GENERAL MOTORS CAR

We are doing our best to see that you  
get your new car as quickly as possible

We want to thank every one of our customers — and every prospective customer as well — for the friendly patience with which you are awaiting your new General Motors car, whether it be a Chevrolet, Pontiac, Oldsmobile, Buick or Cadillac.

That patience will be more than rewarded when we hand you the keys to one of these great new General Motors cars, for here, in our judgment are automobiles ahead of their time — far and away the best in each of their respective classes.

We know how difficult it is to wait even a day for a car of General Motors exceptionally fine quality; but we believe you will understand that we and General Motors are as eager to deliver cars to purchasers as to obtain them. Unfortunately, the cars produced so far this year are far fewer than we and the factory had counted on. General Motors headquarters at Shawa sums up the situation thus:

"Even though our rate of production normally exceeds that of any other manufacturer, we have been able to build, up to August 1, only a small percentage of the number of cars we built up to that date in 1941. Our own production, like that of the industry in general, is still far below normal, because of frequent shortages of essential materials and parts. Strike after strike at the plants of our suppliers has seriously impeded our progress toward full production, and the cumulative effect severely hampers both manufacturing and assembly."

While production is restricted, so — in proportion — shipments of cars to us. As production increases, we are assured of getting our proportionate share of the total number of cars from the factory. But we want you to know that as quickly as these cars are received, we will speed deliveries to our customers.

We thank you, again, for your understanding and patience — confident that when your turn comes to enjoy the brilliant new standards achieved by the new General Motors cars, you will be thankful you waited.

GM-146

Remember — Our CAR SERVICE is your best CAR-SAVER. Keep your present car in good condition until you get delivery of your new General Motors car, by bringing it to us for skilled service now and at regular intervals.

Telephone 77, Coleman, Alberta

WORLD HAPPENINGS  
BRIEFLY TOLD

About 3,500 German prisoners are working on farms in Ontario, Manitoba and Alberta, slightly more than last year.

A London Daily Graphic columnist said that of the 6,000 Canadian servicemen left in Britain some will be there for five or more years.

Canadian fluid milk sales in 1945 reached an all-time high of over four billion pounds, and are expected to increase another 5 to 10 per cent.

The Government of South Africa have appointed a director of food supplies and distribution to organize a cereal ration scheme in urban areas.

The land doesn't seem to have lost its appeal for girls. In the first week of its new recruiting campaign the British Women's Land Army received over 1,400 inquiries.

During the first year of demobilization 3,150,000 demobilization outfits, or 31,500 separate items of clothing were issued to men and women leaving the services.

Reconstruction Minister Howe told the commons it "is true that the cost of operating aviation facilities in Canada are greatly in excess of the revenue derived therefrom."

Eire is preparing to compete with all comers for the British bacon market. The government has decided to tighten control of the hog industry, supplied by 350,000 farmers.

A new granary costing \$4,500,000, the biggest milling project of its kind in Scotland, is to be built in Renfrew, by a Clydebank company. It is intended mainly to handle grain from Canada.

A special laboratory is being erected at Sault Ste. Marie, Ont., where disease cultures will be developed to combat such forest insects as spruce budworm and hemlock looper.

## Cheap Labor

Surplus Population of Italy Is Planning To Emigrate

ROME.—Large numbers of Italy's surplus population of 15,000,000 are storming the consulates of the United States, South America and France, agreeing to start new lives in more agreeable surroundings.

Their first choice is the United States; second, Argentina or Brazil, and third, France, Belgium or Switzerland. The U.S. consulates alone for 5,800 immigrants a year, but there are already 300,000 applications on file with the Italian foreign office.

Of the 750,000 Italians who will emigrate during the next three years, however, only about 400,000 are expected to remain abroad permanently. The remainder—especially those who go to France and Switzerland—probably will stay a few years and come back home.

Approximately 30,000 Italians are expected to emigrate to Brazil. No more than 25,000 will go to Argentina. A shortage of transport will limit all emigration to South America. Count Seco-Suardo, general director of Italian abroad, doesn't believe that emigration is the answer to the current escapist attitude among Italians.

The best solution for the over-population and unemployment problems in the immediate future," he said, "is the investment of United States capital in the Italian basic industries. This would be especially profitable in southern Italy where labor is cheap."

Seco-Suardo reasons that it is better for one man to get a job in Italy than for five Italians to leave the country. Those who remain probably will support a family or four or five, he said, but those who emigrate often are not able to send money back to their families.

"This problem is not specifically Italian," Seco-Suardo said. "Because the other 45,000,000 Italians are not going to lie down and die supinely. And the manner in which the Paris peace conference solves this problem will determine to a large extent—the future peace of the world."

Seco-Suardo said he believed that treatment of Italian immigrants in other countries would indicate "either good will, indifference or hatred toward the Italian people" as a whole. Emigration, he said, "is a matter of mutual trust."

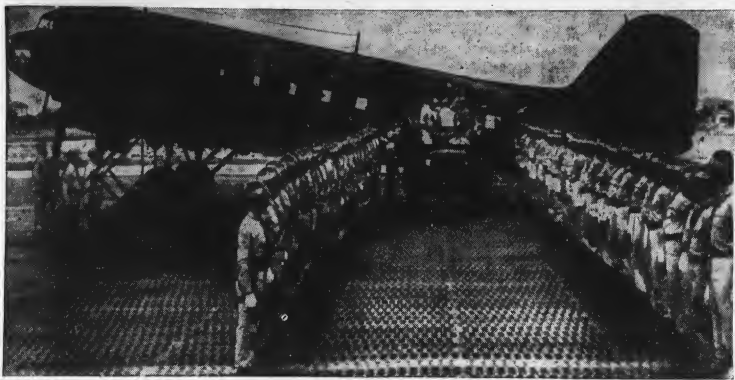

## LATEST DEVELOPMENT

Sending color pictures thousands of miles by radio is the latest development of the wonder of wireless waves. Two four-color pictures have already been transmitted from England to Australia. Soon, no doubt, color photographs of, say, a London procession will be appearing in Australia the following day.

## BEFORE DISCOVERY

The Schwannman Wachmann comet was photographed 35 years before it was discovered. The comet was discovered in 1927, but a photographic plate made in 1902 was found to show the comet.

If it were not for artificial light our nights would be devoid of colors, relieved only by a contrast of moonlight and shadows. 2689

BODIES OF AIRMEN DOWNED OVER YUGOSLAVIA FLOWN TO U.S.—Military guard stands at attention on either side of transport plane's door as caskets of five airmen are placed on vehicle at Rome before being flown to U.S. Dean Acheson, undersecretary of state, announces U.S. will demand some satisfaction from Yugoslavia for their deaths. Marshal Tito and chiefs of his army have expressed apologies.

BE SURE OF YOUR WATER SUPPLY

In many cases, the water supply is a very real problem to the rural population of the prairie provinces.

To answer the question, "When is a water supply safe for drinking and domestic use?" two suggestions are offered. The first is to have a sample of the water analyzed by a Provincial Department of Health Laboratory, and the other is to learn how wells and other water supplies receive pollution, and how they can be protected.

However, it is well to remember that while reports on analyses furnish useful information the bacteriological content of water may vary from time to time, and a correct interpretation of the quality can be made only after several samples, taken over a period of time, have been examined. One good analysis does not necessarily mean a safe water at all times.

When water shows contamination it is well to determine the origin of the pollution, and by what channel it reached the supply. This is not difficult when knowledge on probable sources of contamination is available.

Rural water supplies are taken chiefly from shallow dug wells, and these offer the least resistance of any type to drainage and contaminating matter. It is known that the most common portals through which pollution may reach a well are (a) the top and sides near the surface, and (b) the underground drainage or water supply feeding the well. The latter is uncommon except where the well is constructed in fissured rocks or where the ground water is close to the surface.

Pollution of shallow dug wells through the tops and sides is by far the most common occurrence. When these are not watertight, rain-water and splashing from the pump support will carry into the well any dirt and germs which have been left on or near the well by animals or from other sources.

These wells can be protected against surface drainage. The top and the sides for a distance of 10 feet below the surface should be watertight. Care is needed to ensure that no drainage can enter around the pump base or at the manhole at the top.

A temporary method of disinfecting a well consists of emptying the contents of a small package of chloride of lime (about 12 oz.) into a pail, adding a little water and mixing to a paste, care being taken to break up all the lumps. The paste is then filled with water and the contents stirred and allowed to settle to the bottom. The supernatant, or surface, liquor is then poured into the well and allowed to stand overnight. The well is then pumped out until no taste is present in the water.

Bacteriological samples should be sent for analyses at regular intervals after this treatment has been applied. Should poor analyses continue the well should be reconstructed, a new supply obtained or each painful or water treated as it is drawn from the well.

This can be accomplished by boiling or chlorination. If the water is brought to the boiling point, even without boiling for any period, the disease organisms will be destroyed. Some Provincial Departments of Health have available for public distribution small chlorine outfits—reasonably priced—which can be used to treat water instead of boiling.

## HISTORY REPEATS ITSELF

In the first century the Romans refused to allow an inventor to make use of an apparatus for transporting heavy stone columns because it would throw men out of work.

## Friendly Gesture

Many English School Children Corresponding With French Children

A scheme to link English schools with schools in Belgium and to put individual children in the two countries in touch with one another is announced by Britain's Ministry of Education. Its purpose is to improve Anglo-Belgian relations by the exchange of correspondence and by pairing schools of similar interests and background with a view to the interchange of pupils and holiday visits. A similar scheme between France and Britain was started in November last and has created wide interest. Fifteen thousand children in English schools are now corresponding with a similar number of French children and 250 schools in Britain have been directly linked with schools in France.

## Limpet Mine

Was Used To Sabotage A British Ship In Palestine Area

JERUSALEM.—The British army announced, after a two-day search of the Sedat Yam area, that it had found a limpet mine such as was used to sabotage the refugee ship Empire Rival.

Four thousand troops carried out an intense search of the coastal area around Sedat Yam below Haifa. Their trained dogs found a mine without explosive, together with equipment like that worn by the "frogmen" who attached the mine to the ship.

LIGHTNING STRIKES TWICE

HARRISON, Me.—Melvin Jordan is minus his second barn, because lightning struck twice in the same place. Johnson completed a new barn after wartime priorities had delayed his replacing one destroyed by lightning several years ago. Then the new barn was destroyed.

## LIFE'S LIKE THAT

By Fred Neher

"You're gonna have to do something about this bottleneck."

## REG'LAR FELLERS—A Point In The Law

## Undergo Tests

Plan Is Started For Training Diplomats In England

A new system of training diplomats has been started at the government training centre at Cobham, Surrey. Under it, future ambassadors will be trained in the use of the English language, and will be given a course in the history and geography of the countries to which they will be posted. The course will be completed by the end of the year.

The candidates come as "guests," being greeted by a pleasant hostess who pins on each a number by which he is known during his stay. The staff live in the main house while the visitors are put up in comfortable army huts nearby.

Special observers are in each group, watching the candidates as they undergo tests at their meals or relax in a well-supplied bar. Quizzes are conducted, and all sorts of annoying, petty tasks—including the dismantling and reassembling of a water tank—are imposed.

Patience and tact are two prime factors sought. Of 700 foreign office candidates tested last summer, 15 were passed and 670 rejected. The other 15 were placed on the reserve and may still be called.

## VALUABLE CARGO

The British South American Airways Corporation has found it necessary to install safes in its planes. In recent weeks diamonds, emeralds, money and even snakes have been transported along the air lines. So much valuable freight was being carried that specially-designed strong boxes were made standard equipment on the London-South America run.

## NOW... Yours for the asking

Announcing the Arrival  
of

**Miss Jeanne Power**

Helena Rubinstein beauty consultant from the Helena Rubinstein Salons, Toronto and New York.

"Here is your opportunity to secure without charge or obligation, an expert analysis of your skin...its type...its condition...its individual needs".

**On Tuesday, September 17**

Miss Jeanne Power, beauty expert and consultant, associated with the Helena Rubinstein Salons, New York and Toronto, will be present in person in our Cosmetic Department.

Her arrival is "Beauty News" of unusual interest. Without charge or obligation, Miss Power will thoroughly analyze the type and condition of your skin and give you a written recommendation as to the individual care which should prove most beneficial.

Visit Miss Power at your earliest convenience.

## You Owe It To Yourself

If one has only a light thought for the future, as concerns others, let him consider his own status. If life insurance is taken care of, with its assurance of support for dependents, turn your thoughts to the all-important item of accident and health insurance. Some form of this class of insurance is needed by everyone. A little study will convince you of this. We can offer you excellent protection against loss from permanent or temporary disability, sickness and any of the almost countless other disasters of ordinary life. Ask us about these policies.
